Mother's Love Grows

I wanted to design, again, a Mothers' Day gift for my mother, but didn't want to go with the heart theme.

Instead I had an idea of three flowers, as my mother has three children, and she has tended and nourished us like a gardener. She has helped us all three to grow what we are now, she has been my support with *Periphaeria Designs* even before I made the decision and now it is time to thank her, again.

Size: 31 x 74 stitches

Fabric and fiber: stitcher's choice
